

COMPLETE RANGE CATALOGUE

From the Ghats to the globe.

Coffee grown, milled, roasted and packed by one company in Wayanad, plus the machines and brewing kit to serve it.

Version 3.0

Issued 17 September 2026

Prices verified 11 September 2026 147 products, 10 ranges

WHY BUY FROM THE ROASTER

One company holds the whole chain.

Most coffee suppliers hold one link and buy the rest. We grow and buy cherry from Wayanad farms, hull and grade it in our own dry mill, roast it to profile, pack it, and ship it, which is why we can tell you which hill a lot came from and roast a blend to a sample you approve. It also means one invoice for beans, machines, service and training rather than four suppliers.

01	Growers	Direct sourcing from Wayanad farms and FPOs
02	Dry mill	Hulling, grading, gravity and colour sorting
03	Roastery	Craft roasting to profile, small and production batches
04	Packing	Retail packs, 1 kg and 5 kg cafe packs, private label
05	Equipment	Machines, grinders, accessories, installation and service
06	Training	Coffee Mastery Hub courses for staff and owners
07	Export	From Kalpetta, with a Middle East desk in Dubai

CREDENTIALS
